Roberti Community House would like to express its infinite gratitude for support received from Help them to Hope, Inc.

Katie Gentry, DVM

Care Animal Hospital
Secretary

Going on 14 years, Roberti Community House has been a safe place for youth and families in our community. We are in located in an area with higher rates of poverty. Your support helps us ease the strain and stress of hunger. Sharing a meal together fosters a sense of belonging and unity and your support helps provide programs and food support that give immediate assistance to those in need. Our freshly prepared meals fill the gaps especially when they need it most, during summer and school breaks and holidays.
